We encourage you to visit our exhibits, where you will be able to explore new opportunities for your company's present and future endeavors.

MAY 1-2, 2023 | OCEAN RESORT & CASINO, ATLANTIC CITY, NJ

A&B Stainless Valve

520 County Rd 513,

Califon, NJ 07830

Exhibit Contacts: Brian Bergen, Nancy Malaret & Greg Coughlin

Phone: 908.832.7121

Email: Brian@abstainless.com; Nancy@abstainless.com; Greg@abstainless.com

A&B Stainless Valve is a valve remanufacturing and modification company with over 46 years of experience. A&B is the only corporately approved remanufacturing facility worldwide for DuPont, Chemours, and Veolia. In addition to valve remanufacturing, A&B maintains and warehouses its own inventory of more than 30,000 valves, in addition to managing 38 customer-owned valve inventories.

AWT Environmental Services, Inc.

P.O. Box 128

Sayreville, NJ 08871

Exhibit Contacts: Joe Postorino & Kristen Wolansky

Phone: 732.613.1660

Email: JPostorino@awtenv.com; KWolansky@awtenv.com

AWT Environmental Services is a full-service environmental remediation and industrial maintenance contractor headquartered in NJ with a branch office in Kansas City, KS and satellite office in Horry County, SC. We have been providing cost-effective and innovative solutions to environmental consultants, fortune 100-500 companies, developers, insurance companies and financial institutions for 41 years. We maintain our A901 transporter license (NJ) and transporter permits in multiple states surrounding our offices. We are a certified Small Business Enterprise (SBE) with substantial insurance limits and a high-capacity bonding line. Our service offerings include: drilling/injection, excavation/support/dewatering, treatment systems (soil, vapor and groundwater) and industrial cleaning/maintenance (high pressure water blasting, crude/refined oil tank cleaning, railcar cleaning, liquid vacuum services) as well as landfill services, dredging and shoreline stabilization.

Alpha Analytical, Inc.

8 Walkup Drive

Westborough, MA 01580

Exhibit Contacts: Dave Boring, Kristin Weiler, Ralph Kocsis & Paul Simms

Phone: 215.837.1184, 484.401.5162, 732.770.6876 & 201.306.8431

Email: DBoring@alphalab.com; KWeiler@alphalab.com; RKocsis@alphalab.com; PSimms@alphalab.com

[Alpha Analytical](#), a Pace® Analytical Services Laboratory, has more than 50,000 square feet of state-of-the-art laboratory facilities and a reputation for quality and reliability for over 35 years. Together, Alpha and Pace® will continue to offer an absolute commitment to data integrity and the industry's highest ethical and professional standards.

American Boiler Company

1025 Commerce Ave.
Union, NJ 07083
Exhibit Contacts: Lewis Sulovski & Wini Sulovski
Phone: 908.720.0846
Email: Lewis@americanboilercompany.com

With all the companies out there, why should you choose American Boiler Company for your boiler installation and repair project? The answer is simple! We are boilermakers with over 30 years of experience installing, maintaining and servicing industrial boilers plants. That means boilers are our core business. We know how to install them and service them.

Our knowledge and experience will be evident from the initial site survey through to the final inspection. We start each project with a thorough evaluation of your requirements. Our sales engineers will meet with you to inspect your boilers, burners, and other related systems.

After we completely understand your needs and requirements, we develop cost effective solutions that will deliver exceptional value to your organization. Whether your project involves repairing your current boiler, removing and replacing a boiler, or the construction of an entire new boiler plant, we always get the job done right the first time!

Cascade

220 Route 70 East, Suite B
Medford, NJ 08055
Exhibit Contacts: Lauren DiVello & Marisa DiVello
Phone 609.714.2420
Email: LDiVello@cascade-env.com; MDiVello@cascade-env.com

Cascade is the leading single-source provider of nationwide environmental and infrastructure drilling, site characterization and environmental remediation services. With 36 offices and over 800 employees, Cascade has the breadth and expertise to support any project. To complement our primary resource of personnel, Cascade owns the specialized equipment required for the technologies utilized in the environmental business. Our ability to offer multiple remedial options along with the those of Cascade Drilling Services allows our clients the advantage of a full set of integrated environmental services.

CEM Service Group, Inc.

832 Rolling Hills Road

The CEM Service Group provides a superior quality of professional services for all phases of Continuous Emission Monitoring (CEM). We have been exclusively dedicated to CEM integration, service & support for more than 26 years now. Featuring the CEMSentry®3000 Continuous Emission Monitoring System custom configured for your specific application. We provide turn-key system installations, complete or partial upgrades, commissioning, training, performance testing, QA audits, preventive maintenance and complete field service & support. CEM Systems leasing, analyzers, gas conditioners, probes, sample lines & equipment rentals too. Working as compliance partners "Continuously Securing Your Compliance Since 1997" we are your one-stop-shop.

ChemOps Training | *Engage Higher Performance* | powered by SOCMA

1400 Crystal Drive, Suite 630
Arlington, VA 22202
Exhibit Contacts: Joseph Dettinger & Sarah Williams
Phone: 571.348.5111
Email: JDettinger@socma.org; SWilliams@socma.org

Designed by industry, for industry, ChemOps Training is the essential training tool for chemical manufacturers. With a program that has been carefully developed by experienced industry professionals, this tool represents the very best way to provide new operators with an up-to-date and applicable education.

ChemOps Training features intuitive curriculum segmentation, interactive 3D animations of process equipment, self-guided assessment exercises, user progress tracking, and microlearning modules. This provides a cutting-edge, efficient means to educate.

The training tool can also be adapted to your business needs, allowing you to customize your program and select modules that are relevant to the operators you are educating. Use it exclusively, or to supplement your own in-house training!

Clean Earth LLC

933 1st Avenue, Suite 200
King of Prussia, PA 19406
Exhibit Contacts: Bob Sims & Rob Morrow
Phone: 215.734.1400
Email: Info@cleanearthinc.com

Clean Earth is one of the largest specialty waste companies in the United States providing remediation, disposal, recycling, and beneficial reuse solutions for contaminated soil, dredged material, and hazardous and non-hazardous waste. Everyday Clean Earth takes a hands-on, dedicated approach to recycling and beneficially reusing waste that would otherwise go into landfills. CE's portfolio of technologies and services touches nearly every industry that generates waste including energy, infrastructure, commercial, industrial, retail, and healthcare markets. New Hampshire to Florida - New Jersey to California.

Clean Harbors

2858 Route 322
Bridgeport, NJ 08014
Exhibit Contacts: John McNally, Tom McCracken, Annie DeWitt & Howard Edson
Phone: 201.538.0109, 302.304.2236, 207.232.8378, 609.970.5741
