

# Coronavirus (COVID-19) Information

## Update 23: April 14, 2020

Good afternoon,

Governor Phil Murphy today signed [Executive Order No. 127](#), extending various deadlines associated with rulemaking for state agencies **until 90 days following the end of the public health emergency**. The order additionally **allows for any rules or emergency rules that would expire during the current public health emergency to be extended until 90 days following the end of the public health emergency**.

“Every state agency is fully focused on the fight against COVID-19 right now,” said **Governor Murphy**. “This executive order provides them with the flexibility they need by extending deadlines associated with their normal rulemaking work until after this crisis is over.”

Based on our initial assessment, EO 127 provides a 90-day extension from the date the Public Health Emergency has ended (with the option for an additional 30-day extension with the written approval of the Governor) for the following:

- (1) Notices of Rule Proposal published in the NJR on or after April 15, 2019 (re: one-year expiration date to adopt);
- (2) Notices of Rule Proposal published in the NJR on or after April 15, 2019 (re: 18-month expiration date to adopt if substantial changes are made); and
- (3) Currently existing rules or emergency rules scheduled to expire during the Public Health Emergency.

In addition, **DEP made public a new COVID-19 Regulatory Compliance website**. [Click here to access the site](#).

### **FEMA PPE GUIDANCE**

FEMA has issued a Coronavirus (COVID-19) Pandemic: Personal Protective Equipment Preservation Best Practices Fact Sheet. This guidance summarizes best practices for national implementation to sustain personal protective equipment (PPE) while ensuring workers are protected during the coronavirus (COVID-19) pandemic response. [Click here to access the fact sheet](#).

Also, if you have concerns regarding the FEMA rated order on PPE, you may contact Ron Robbins, FEMA National Business Emergency Operations Center (NEOBC) Manager at [Ronald.Robbins@fema.dhs.gov](mailto:Ronald.Robbins@fema.dhs.gov).

## **NEWARK NJ: BE STILL MONDAYS,” ENCOURAGING FULL CITY “SHUT DOWN” TO COMBAT COVID-19 SPREAD**

Over the weekend, Mayor Ras J. Baraka announced “Be Still Mondays” encouraging “everyone to stay home” for a nearly complete shut-down of the City of Newark on Mondays to bring attention to the severity of the COVID-19 spread in the community and help slow the spread. Beginning today, April 13, “Be Still Mondays” will happen each week for the next month. **The City would like businesses deemed “essential” by prior executive orders, such as food stores and pharmacies, to also close, as well as downtown corporations and manufacturing companies; however, this is a request by the local government and not a mandatory order.** [Click here for press release.](#)

## **“STAY AT HOME” EXECUTIVE ORDER 107 STILL IN PLACE**

The “Stay at Home” [Executive Order No. 107](#) remains in full effect with additional requirements as stated in EO 122.

Employees reporting to work are permitted to travel to and from their place of business. **Businesses are encouraged to give each employee a letter indicating that the employee works in an industry permitted to continue operations, and their shift.** Essential employees should have the company letter, and company ID accessible while driving to and from work, so they can present it with their license if necessary. We suggest the [DHS Guidance to help with the letter.](#)

Below you will find new information **highlighted in blue** added since the last update. As well, take some time and explore the many links and information provided below and in previous updates. The state’s main COVID-19 information portal is located at <https://covid19.nj.gov/>.

## **Government Resources**

- [Enforcement Guidance for Use of Respiratory Protection Equipment Certified under Standards of Other Countries or Jurisdictions During the Coronavirus Disease 2019 \(COVID-19\) Pandemic](#)

This memorandum provides interim guidance to Compliance Safety and Health Officers (CSHOs) for enforcing the Respiratory Protection standard, 29 CFR § 1910.134, and certain other health standards, with regard to supply shortages of disposable N95 filtering facepiece respirators (FFRs). Specifically, it outlines enforcement discretion to permit the use of FFRs and air-purifying elastomeric respirators that are either:

<https://www.osha.gov/memos/2020-04-03/enforcement-guidance-use-respiratory-protection-equipment-certified-under>

- [EPA Announces Enforcement Discretion Policy for COVID-19 Pandemic](#)

The U.S. Environmental Protection Agency (EPA) is mindful of the health and safety of the public, as well as our staff, and those of Federal Agencies, State and Local Governments, Tribes, Regulated Entities, Contractors, and Non-governmental Organizations during the COVID-19 pandemic. The agency is taking these important considerations into account as we all continue our work to protect human health and the environment. Accordingly, EPA is announcing a temporary policy regarding EPA enforcement of environmental legal obligations during the COVID-19 pandemic.

- [New Jersey Department of Health COVID-19: A Guide for Businesses March 2, 2020](#)  
Many employers and businesses in New Jersey are concerned about the current outbreak of the 2019 Novel Coronavirus (COVID-19) and potential impacts to their business communities and wish to take appropriate steps to mitigate any risks. The Centers for Disease Control and Prevention (CDC) is working hard to learn as much as possible about this COVID-19 so that we can better understand how it spreads and characterize its associated illness. The New Jersey Department of Health is also working hard to develop guidance and education materials, in the face of evolving information.
