

# Coronavirus (COVID-19) Information

**Update 42: October 28, 2020**

## Health Emergency Extended; New Employee Health and Safety Standards Issued to Cover Private and Public Sectors

As infection rates continue to rise across the county, the Governor has extended the State's Public Health Emergency for additional 30 days. [Executive Order 191](#) extends the Public Health Emergency that was declared on March 9, 2020 through Executive Order No. 103, and which was previously extended on April 7, May 6, June 4, July 2, August 1, August 27, and September 25.

### **GOVERNOR MURPHY HAS ISSUED EXECUTIVE ORDER OUTLINING NEW WORKER PROTECTIONS.**

Governor Murphy has expressed concerns regarding the spread of COVID-19 in other states, and has issued a new executive order to cover every New Jersey worker, public and private, under the same umbrella of worker protections.

[Executive Order 192](#) will establish new protocols, protection and enforcement actions to better ensure workplace safety. This will include health screening prior to every shift, social distancing mandates in the workplace and other important safety measures. In addition, the EO will require the Department of Labor to develop worksite notices and materials and safety training program in concert with Rutgers University. Additionally, the EO will look to establish investigatory protocols, enhanced employee notification of known exposure, assist employers with compliance and pursue enforcement actions when necessary.

### **EXECUTIVE ORDER 122 (REQUIRING FACE COVERINGS, GLOVES, AND SOCIAL DISTANCING & DISINFECTING PROTOCOLS) IS STILL PLACE.**

Regarding [Executive Order 122](#), which requires employers to provide face coverings and gloves to employees who are still reporting to the workplace, and not working from home, members are expected to comply with the spirit of this EO.

Some manufacturing processes and other issues may prevent masks and/or gloves to be used. CCNJ recommends member companies to document the reason as to why face coverings cannot be used in certain processes, and to implement a protocol to wipe down or disinfect areas and maintain all other proper social distancing protocols. **You may even consider installing separation panels.**

***The state strongly encourages employees who can perform their jobs while working from home, should be allowed to do so for the foreseeable future.***

While there is no proactive enforcement of the EO, employees can [report any violations](#) in regard to the EO's by an employer via [NJ's COVID-19 portal](#). That is why we stress that member companies communicate directly to employees on how they are complying with the EO and providing a safe work environment and the new compliance standards established within the newly enacted [EO 192](#).

Below you will find new information **highlighted in blue** added since the last update. As well, take some time and explore the many links and information provided below and in previous updates. The state's main COVID-19 information portal is located at <https://covid19.nj.gov/>.

[To access previous updates click here.](#)

**Have general questions about COVID-19?**

**The NJ Poison Control Center and 211 have partnered with the State to provide information to the public on COVID-19:**

**Call: [2-1-1](#)**

**Call (24/7): [1-800-962-1253](tel:1-800-962-1253)**

**Text: NJCOVID to 898-211**

**Visit <https://covid19.nj.gov/> or [nj.gov/health](https://nj.gov/health) for additional information**

**In support of ongoing COVID-19 efforts, the State Emergency Operations Center has made available an ESF 7 Remote Access Line for private sector inquiries. ESF 7 Remote Access Line: 609-963-6817. For response and resource related requests, OHSP encourages you to work with your local first responder agencies, or your County Office of Emergency Management. [Click here to access the NJOEM County Coordinators directory](#) to find contact information for the local county OEM where your facility is located.**

## New Jersey Governor Updates

[Updated Quarantine Advisory Issued for Individuals Traveling to New Jersey, Bringing New Total to 41 States and Territories.](#)

Governor Phil Murphy advised individuals traveling to New Jersey from states or territories with significant community spread of COVID-19 to quarantine for a 14-day period from the time of last contact within the identified state or territory. The updated advisory includes the addition of California and Massachusetts, bringing the total to 41 states and territories. The

travel advisory applies to any person arriving from a state or territory with a positive test rate higher than 10 per 100,000 residents or a state with a 10 percent or higher positivity rate over a 7-day rolling average. Neighboring states Connecticut, Pennsylvania, and Delaware now meet the criteria for New Jersey's travel advisory. Due to the interconnected nature of the region and mode of transport between New Jersey and the three states, a 14-day quarantine is not reasonable in all instances. Non-essential travel to and from these states, however, is highly discouraged at this time.

[IDENTIFYING CRITICAL INFRASTRUCTURE DURING COVID-19](#)

Functioning critical infrastructure is imperative during the response to the [COVID-19](#) emergency for both public health and safety as well as community well-being. Certain critical infrastructure industries have a special responsibility in these times to continue operations.

[Click here for CISA Guidance](#)

[Coronavirus Rumor Control](#)

The purpose of this FEMA page is to help the public distinguish between rumors and facts regarding the response to coronavirus (COVID-19) pandemic. Rumors can easily circulate

within communities during a crisis, stay informed with our updated myth vs. facts related to the federal (COVID-19) response.

[Click here for FEMA Rumor Control Site](#)

## **OSHA & Labor**

### [Discretion in Enforcement when Considering an Employer's Good Faith Efforts During the Coronavirus Disease 2019 \(COVID-19\) Pandemic](#)

In light of the coronavirus disease 2019 (COVID-19) pandemic, OSHA understands that some employers may face difficulties complying with OSHA standards due to the ongoing health emergency. Widespread business closures, restrictions on travel, limitations on group sizes, facility visitor prohibitions, and stay-at-home or shelter-in-place requirements may limit the availability of employees, consultants, or contractors who normally provide training, auditing, equipment inspections, testing, and other essential safety and industrial hygiene services. Business closures and other restrictions and limitations may also preclude employee participation in training even when trainers are available. In other situations, access to medical testing facilities may be limited or suspended.

<https://www.osha.gov/memos/2020-04-16/discretion-enforcement-when-considering-employers-good-faith-efforts-during>

### [U.S. DEPARTMENT OF LABOR ENDS TEMPORARY NON-ENFORCEMENT OF PAID LEAVE PROTECTIONS TO HELP AMERICAN WORKERS DURING CORONAVIRUS PANDEMIC](#)

The U.S. Department of Labor announced today the end of the temporary period of non-enforcement of paid leave protections under the Families First Coronavirus Response Act (FFCRA).

<https://www.dol.gov/newsroom/releases/whd/whd20200420>

### [New Worker Adjustment and Retraining Notification Act Frequently Asked Questions](#)

[WARN FAQs](#) – The Worker Adjustment and Retraining Notification (WARN) Act is enforced by private legal action in the applicable U.S. District Court. The role of the U.S. Department of Labor is to provide guidance and information about the WARN Act; however, such guidance is not binding in the courts and does not replace the advice of an attorney.

<https://www.dol.gov/agencies/eta/layoffs/warn>

### [COVID-19 Guidance for the Manufacturing Industry Workforce](#)

OSHA is committed to protecting the health and safety of America's workers and workplaces during these unprecedented times. The agency will be issuing a series of industry-specific alerts designed to keep workers safe.

<https://www.osha.gov/Publications/OSHA4002.pdf>

### [Families First Coronavirus Response Act: Employer Paid Leave Requirements](#)

The Families First Coronavirus Response Act (FFCRA or Act) requires certain employers to provide their employees with paid sick leave or expanded family and medical leave for specified reasons related to COVID-19.<sup>[1]</sup> The Department of Labor's (Department) Wage and Hour Division (WHD) administers and enforces the new law's paid leave requirements. These provisions will apply from the effective date through December 31, 2020.

### [OSHA Guidance on Preparing Workplaces for COVID-19](#)

To reduce the impact of COVID-19 outbreak conditions on businesses, workers, customers, and the public, it is important for all employers to plan now for COVID-19.

[Click here for OSHA Guidance](#)

## **EPA / NJDEP / Health Guidance**

### [NJDEP COVID-19 Regulatory Compliance](#)

NJDEP has created a COVID-19 Portal for the regulated community.

<https://www.nj.gov/dep/covid19regulatorycompliance/>

### [COMPLIANCE ALERT: ENVIRONMENTAL COMPLIANCE AND ENFORCEMENT DURING COVID-19](#)

This advisory is directed to any person or entity regulated by the Department of Environmental Protection (DEP) who believes that their ability to comply with any environmental law, rule, regulation, permit or approval administered by the DEP may be constrained by circumstances related to the Public Health Emergency declared by Governor Phil Murphy due to the novel coronavirus (COVID-19) pandemic.

<https://www.nj.gov/dep/enforcement/advisories/2020-08.pdf>

### [EPA Announces Enforcement Discretion Policy for COVID-19 Pandemic](#)

The U.S. Environmental Protection Agency (EPA) is mindful of the health and safety of the public, as well as our staff, and those of Federal Agencies, State and Local Governments, Tribes, Regulated Entities, Contractors, and Non-governmental Organizations during the COVID-19 pandemic. The agency is taking these important considerations into account as we all continue our work to protect human health and the environment. Accordingly, EPA is announcing a temporary policy regarding EPA enforcement of environmental legal obligations during the COVID-19 pandemic.

[Click here for more information](#)

### [DEP issues guidance for Public Water Systems and Wastewater Monitoring, Licensed Operator and Certified Laboratory issues due to the COVID-19 Pandemic](#)

This advisory affects public drinking water systems and Category A (individual permits for domestic discharge) and ASC (general permit authorizations for school discharge) NJPDES surface water discharge permitted facilities that are required to perform routine monitoring pursuant to the state and federal regulations and their NJPDES permits where applicable.

[Click here for guidance](#)

### [COVID-19: Information for Schools and Businesses](#)

To prepare for possible community transmission of COVID-19, the most important thing for schools to do now is plan and prepare. As the global outbreak evolves, schools should prepare for the possibility of community-level outbreaks. Schools want to be ready if COVID-19 does appear in their communities.

### [New Jersey Department of Health COVID-19: A Guide for Businesses March 2, 2020](#)

Many employers and businesses in New Jersey are concerned about the current outbreak of the 2019 Novel Coronavirus (COVID-19) and potential impacts to their business communities and wish to take appropriate steps to mitigate any risks. The Centers for Disease Control and Prevention (CDC) is working hard to learn as much as possible about this COVID-19 so that we can better understand how it spreads and characterize its associated illness. The New Jersey Department of Health is also working hard to develop guidance and education materials, in the face of evolving information.

[https://www.nj.gov/health/cd/documents/topics/NCOV/Guide%20for%20businesses\\_3-4-2020.pdf](https://www.nj.gov/health/cd/documents/topics/NCOV/Guide%20for%20businesses_3-4-2020.pdf)

#### [Directory of Local Health Departments](#)

Suspected cases should be reported IMMEDIATELY to the local health department (LHD) where the patient resides. If the patient's residence is unknown, report to your own local health department. Local health departments are available 24/7/365.

<https://www.nj.gov/health/lh/documents/LocalHealthDirectory.pdf>

#### [Interim Exposure Categories for Asymptomatic Individuals with Possible Exposure to COVID-2019](#)

This interim guidance is effective as of February 3, 2020 and does not apply retrospectively to people who have been in China during the previous 14 days and are already in the United States, or those being managed as part of a contact investigation.
